### HOW CAN MY CLASS BE LITTER DETECTIVES?

Get outside with your class and enjoy a litter pick. Record all litter you find in the FREE Planet Patrol app - your Litter Detective tool. Every single piece of litter you find is investigated by Planet Patrol's scientists to understand and solve the problem.

Remember that with this litter pick, you really do have the power to make a difference.

DOWNLOAD APP

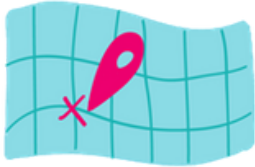

## HOW TO ORGANISE A LITTER PICK WITH KIDS

1

Gather your team of litter detectives (

2

Identify a location near you to clean up

3

Select two Planet Protectors to be in charge of recording litter in the Planet Patrol app

4

Grab your litter pickers, gloves and reusable bag or bucket for litter collection and [Planet Patrol app guide](#)

5

**LITTER PICK!**

6

Tip out your litter on to the floor and sort the litter (put all of the same types - e.g. bottles - together)

7

Open the Planet Patrol app on your tablet or phone, take photos of a few items at a time and tag the types of litter and the brands - the two Planet Protectors are in charge here

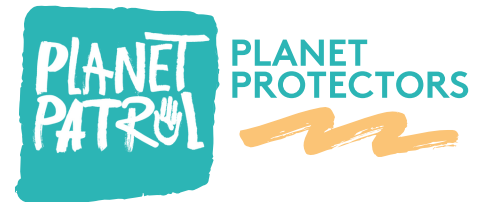

## USEFUL RESOURCES FOR TEACHERS & LEADERS

- Download a [template risk assessment](#) from our website
- [Health and safety guidelines](#) available on our website
- If you are a school and do not have litter picking equipment please contact Planet Patrol for assistance on [hello@planetpatrol.co](mailto:hello@planetpatrol.co)
- Ask kids about the types of litter they find - are there alternatives they can think of?
- Download the list of types of litter in the Planet Patrol app for reference [here](#).

Remember to tag us in your photos with [@onplanetpatrol](#)
